Asia Tech Analytics Dashboard
Data Room and Documentation Guide

Asia Tech Analytics Dashboard Overview

The Asia Tech Analytics Dashboard, developed by Deep Knowledge Group, is a state-of-the-art AI-driven big data analytical platform designed to offer an unparalleled view into the digital ecosystem of Asia. This sophisticated tool aggregates and analyses vast amounts of data from diverse sources, including patents, scientific articles, and global research data, to provide comprehensive and customisable insights. The platform is specifically tailored to serve the needs of businesses, investors, and researchers by offering real-time data and advanced analytical capabilities that facilitate informed decision-making and strategic planning.

While its business model also encompasses internal product development for direct-to-consumer sales, it is currently prioritising sales to clinics on White Label Solutions, JV and partnership models until a critical mass of select agreements is achieved.

Longevity Club's complete End-to-End White Label Solution encompasses the following components:
1. Automated Comparative SWOT Analysis
2. B2B AI-driven Matching Tool
3. Financial Portfolio Constructor
4. Public Companies' Stock Price Forecasting and Ranking
5. Hedging and Option Analysis
6. News and Entities NLP Analysis
7. Trading Recommendation System
8. Private & Public Companies Cross Analysis
9. Cross-Industrial Comparative Analysis
10. Advanced Visualization
11. of Industry Ecosystem (Mindmaps)
12. Interactive Chart Builder
13. Three.Js Implementation for Diagrams Constructor
14. Dashboards Constructor
15. 3D Mindmaps Enhancement

Asia Tech Analytics Dashboard Data Room and Documentation Structure

We have developed an extensive Data Room for its partners, providing a full-scope overview of general and technical documentation, project and product component readiness-to-date, and associated legal documents.

Data Room: https://www.deep-innovation.tech/asia-tech-dashoard-white-label-solution
PASSWORD: DKG2024

This Data Room has been structured according to the following logic:
1. Major Informational Materials: Asia Dashboard One Pager and Asia Big Data Analytical Dashboard Deck.

2. [White Label Solution Components Registry](#): Registries detailing white label solution components and data sources, including quality assurance and accuracy overview.

3. [KYB, Quality Assurance, and Cyber Security Certificates](#): Assorted KYB summaries, cyber security certificates, and related insurance and intellectual property documentation.

4. [Legal Documents](#): includes varios templates of contracts depending on the different types of cooperation possible.
