

Agging Analytics Agency is the world's premier provider of industry analytics on the topics of Longevity, Precision Preventive Medicine and Economics of Aging, and the convergence of technologies such as AI, Blockchain, Digital Health and their impact on the healthcare industry. The agency is the **only analytics company focused exclusively on the topics of Aging, Geroscience and Longevity**. Founded in 2013, with headquarters in London, UK and branches in Europe, US and Canada, it began producing in-depth reports on Longevity long before it emerged as an industry.

Parliamentary Group for
Longevity

Agging Analytics Agency is an official member organisation of the **United Nations NGO Committee on Ageing**, and regularly and systematically submits policy and strategy proposals to the **World Health Organization**, **World Economic Forum**, the **UK House of Lords**. In 2021 Agging Analytics Agency was contracted by the **Inward Investment Arm of the local Manchester government (GMA Combined Authority)** to provide quantitative and qualitative insights that can be used to strengthen and **help the Greater Manchester Combined Authority to meet the goals set out in their Local Healthy Ageing Industrial Strategy**. During 2019-2021, the agency was the primary source of data and analytics for the **UK All-Party Parliamentary Group (APPG) for Longevity**.
