

Funding* Amount for Companies by Sectors for the last 3 years

AI Industry in the UK
Landscape Overview 2021

£9bn+

Total Funding for the last 3 years

FinTech is an undisputed leading sector from the perspective of funding amount for AI companies, collecting more than £2.7bn in the 2019-2021 period. The funding in Healthcare stands firmly over the current year which is also worth noticing since the total funding in 2020 otherwise decreased due to the COVID-19 pandemic.
