The screenshot shows the top navigation bar with links for 'About', 'Investment Marketplace', 'Open Access Analytics', 'Big Data Analytics Dashboard', 'Mindmaps', 'Blog', 'Contact Us', and 'Log In'. Below this is the 'Media Digest' title and a row of filters: 'Top-Tier Media Channels', 'YouTube Channels', 'Conferences', 'Twitter Channels', and 'LinkedIn Channels'. The main content area is titled 'Top-Tier Media Channels' and features three article cards:

- The War in Ukraine and AI Regulation**: A social institution, the same thing happened to it as to the rest of the other healthy structures during the war - it was urgently reorganized and focused on solving the main problem of the country. Therefore, some members of the committee are now in the front-line trenches. Source: [European commission](#)
- Ukrainians have taught artificial intelligence to collect information on city damage**: With a powerful server, the city's 50 square kilometers can be analyzed in a few minutes. The accuracy of the calculations is constantly improving, as the project's development team is constantly training neural networks on new data that is manually validated. Source: [AIIN.UA](#)
- Digital Transformation During Wartime**: In an exclusive interview with Kyiv Post, the Ukrainian Minister for Digital Transformation, Mykhailo Fedorov, talked about Deslav's plans to become a leader among global digital countries; how education will be reformed to achieve that; and how he sees the future of artificial intelligence in Ukraine. Source: [Kyiv Post](#)

A 'Member's chat' button is visible at the bottom left of the article cards.

Invest in Ukraine Tech Economy Market Size *

CAGR 2014-2023 = 24%

Source: www.invest-in-ukraine.tech

\$300 Million Economy Size

1000+ Companies

73 AI Conferences Since 2015

Investments in Ukrainian innovative companies increased significantly over the last 10 years from **\$42.4 million in 2014 to \$301.6 million in 2023**, which shows the incredible growth of the Ukrainian economy and the attractiveness of Ukrainian companies to domestic and foreign investors. It is worth noting the sharp decline in investment in 2020 in connection with COVID-19, and in 2022 (**\$1.1 million in Q1 2022**) due to the invasion and war of russia against Ukraine.

- * Forecast taking into account the prediction of the World Bank about the possible fall of the Ukrainian GDP by 45% in 2022 due to the war
- ** CAGR-based forecast
