Global AI Ecosystem

AI Industry in the UK (Biomedicine)

The AI in the UK: BioMed Platform is an innovative initiative led by AI Industry Analytics, aimed at fostering collaboration, innovation, and knowledge exchange within the dynamic AI ecosystem of BioMed. The primary objective of this project is to establish a centralized platform that connects the various facets of BioMed's AI industry, including companies, experts, investors, and AI hubs. By creating a cohesive digital environment, the platform aims to accelerate the growth and impact of AI development in BioMed.
