Global AI Ecosystem

Global AI Ecosystem is a first-of-its-kind open-source, decentralized and non-profit AI knowledge, analytics and community building platform. Launched by the UK-based social enterprise Global AI Industry Ecosystem Association with the support of AI Industry Analytics (AiiA) and Deep Knowledge Group, the platform seeks to establish itself as the go-to democratized and universally-accessible environment for community interaction, collaboration, discussion, content sharing and knowledge generation in the global AI community.
