# Ecosystem Mapping as a Service

Ecosystem Mapping as a Service offers the world's most advanced tech-stack for creating interactive domain-specific, regional and industrial ecosystem mapping platforms to showcase the unique strengths of tech, innovation and industry ecosystems in an unprecedentedly advanced, technologically robust and visually sophisticated manner.

## Ecosystem Mapping Platform Components

**Interactive Ecosystem Map**

**Ergonomically-Designed Web-Based Front End**

**Interactive Charts and Advanced Visualizations**

**Searchable and Filterable Ecosystem Database**

Licensed and originally developed as an internal product by Deep Knowledge Analytics, the tech ecosystem analytics subsidiary of Deep Knowledge Group, internationally renowned for their 10-year track record of excellence in analysing, benchmarking and forecasting operationally complex tech industries and innovation ecosystems, this unique IP has been intensively designed to significantly surpass the current state of the art in industry ecosystem mapping, and is now for the first time available a service for external clients.

No other system in the world is capable of constructing domain-specific ecosystem mapping platforms at such speed, with such technological, ergonomic and visual sophistication, or with as broad a range of 2D and 3D advanced visualisation tools and add-ons. Contact us to learn more today.

# Ecosystem Mapping-as-a-Service

We collaborate with institutions to offer co-branded IT platforms mapping specific ecosystems.

These platforms include interactive maps, searchable databases, and customizable graphics created free of charge.

These platforms can be used by organisations to:

- showcase their own activities and efforts,
- foster partnerships
- optimize their strategic decision making within the ecosystems they are active within.

## Why Would Partners Want an Ecosystem Mapped?

**Government:**  
Showcase Your  
Regional Assets

**Academia:** Identify  
Partners and  
Collaborators

**Philanthropy:** Map  
Networks of Action  
and Impact

**Corporations:**  
Visualize Partners  
or Subsidiaries

Optimize Strategic  
Decision Making

Promote Assets  
and Activities More  
Effectively

Identify Top Trends  
in the Ecosystem  
You're Active in

Identify  
Competitors and  
Collaborators

## Our Unique Value Proposition

10+ Years Mapping Innovative  
Ecosystems

Hundreds of Produced Region,  
Industry and Domain-Specific  
Ecosystem Mapping Projects

History of Projects Commissioned by  
Government

Strong Diversification Across Industry,  
Policy, Science, Tech, Finance and  
Techno-Philanthropy

# Ecosystem Mapping as a Service

## 3 Different Components

### Ecosystem Mapping IT-Platform

This dashboard provides a dynamic view of the relevant ecosystem or I domain. It makes it possible to continuously monitor the local and regional market and forms the basis for providing guided care to strengthen existing competitive advantages. It creates interactive digital profiles, makes comparative analyzes and performs SWOT analyses.

**Zero Cost**

### Big Data Analytics System and Dashboard

We also offer contracted Big Data Analytical System and Dashboard construction services, tailored to client needs, featuring sophisticated analytics (competitive, comparative, quantitative, qualitative and SWOT analyses) and advanced data visualization.

**This tool can be customized to the client's specific needs and strategic goals.**

**Available for Purchase**

### AI Engine (Dashboard Add-On)

For clients seeking even more sophisticated ecosystem mapping solutions, we offer custom-order pre-trained deep learning models for analytics and smart matching, derived from extensive databases tailored to client specifications, as a Dashboard add-on.

**This tool can be customized to the client's specific needs and strategic goals.**

**Available for Purchase**

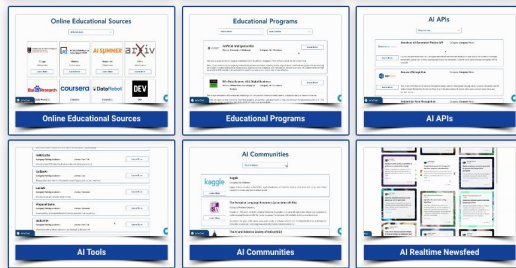

# Ecosystem Mapping as a Service

We can help you in 3 cases

If you have no data and no platform

We Can Provide Searchable and Filterable Ecosystem Database

If you have data but no platform or any other IT solutions

We Can Provide Ergonomically-Designed Web-Based Front End

If you have platform and database but not advanced visualization

We Can Provide Interactive Graphics and Advanced Visualizations

# Our Upcoming Projects

## Longevity Industry in Tokyo

The Longevity Industry in Tokyo Beta Version project card features a navigation bar with categories like 'Ecosystem', 'Innovation', 'Investment', and 'Policy'. The main image shows a red heart on a dark background. The text describes the industry's growth and government support. Below the text are two circular diagrams: one with 10 nodes and another with 15 nodes, both labeled 'Coming Soon'.

[View More](#)

## FinTech in Scotland

The FinTech in Scotland Beta Version project card features a navigation bar with categories like 'Ecosystem', 'Innovation', 'Investment', and 'Policy'. The main image shows the Scottish flag. The text describes the industry's growth and government support. Below the text are two circular diagrams: one with 10 nodes and another with 15 nodes, both labeled 'Coming Soon'.

[View More](#)

## Tech Hub in Brussels

The Tech Hub in Brussels Beta Version project card features a navigation bar with categories like 'Ecosystem', 'Innovation', 'Investment', and 'Policy'. The main image shows a colorful abstract background. The text describes the industry's growth and government support. Below the text are two circular diagrams: one with 10 nodes and another with 15 nodes, both labeled 'Coming Soon'.

[View More](#)

## Invest in Manchester

The Invest in Manchester Beta Version project card features a navigation bar with categories like 'Ecosystem', 'Innovation', 'Investment', and 'Policy'. The main image shows the Union Jack flag. The text describes the industry's growth and government support. Below the text are two circular diagrams: one with 10 nodes and another with 15 nodes, both labeled 'Coming Soon'.

[View More](#)

## Miami Tech Ecosystem Platform

The Miami Tech Ecosystem Platform Beta Version project card features a navigation bar with categories like 'Ecosystem', 'Innovation', 'Investment', and 'Policy'. The main image shows the American flag. The text describes the industry's growth and government support. Below the text are two circular diagrams: one with 10 nodes and another with 15 nodes, both labeled 'Coming Soon'.

# Contact Us

We are offering our ecosystem mapping services free of charge to a limited number of institutions across government, science, techn, finance and philanthropy.

Having worked for 10+ years to develop our expertise, unique track record and proprietary tools, techniques and technologies for mapping professional ecosystems, we are seeking partners keen on using them to boost or foster local innovation.

Whether you have no data, data without a platform, or an existing platform that could benefit from a wider array of interactive, ergonomic and attractive IT and ecosystem mapping and analysis tools and advanced visualization solutions, we have something to offer you.
