Reliance on deep industry knowledge of Deep Knowledge Group and FemTech Analytics

FemTech Analytics (FTA), an analytical subsidiary of **Deep Knowledge Group**, is a strategic analytics agency focused on the emerging FemTech sector. FTA offers a range of services including research and in-depth analysis on the FemTech industry; profiling of companies and government agencies according to their innovation potential and business activity; and consulting and analytical services to advance the FemTech sector as a whole.

FemTech is Focusing on Three Key Activities:

Conducting Market Intelligence

Producing regular **open-access and proprietary reports** on the emerging topics and trends in the FemTech industry. All reports are supported by our back-end analytics systems and tools that allow to receive fresh insights and updates about opportunities and risks.

Creating Big Data Analytical Dashboards

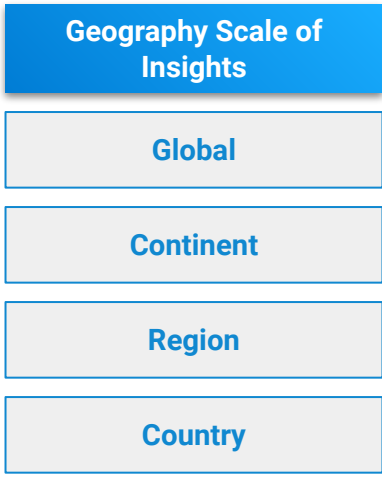

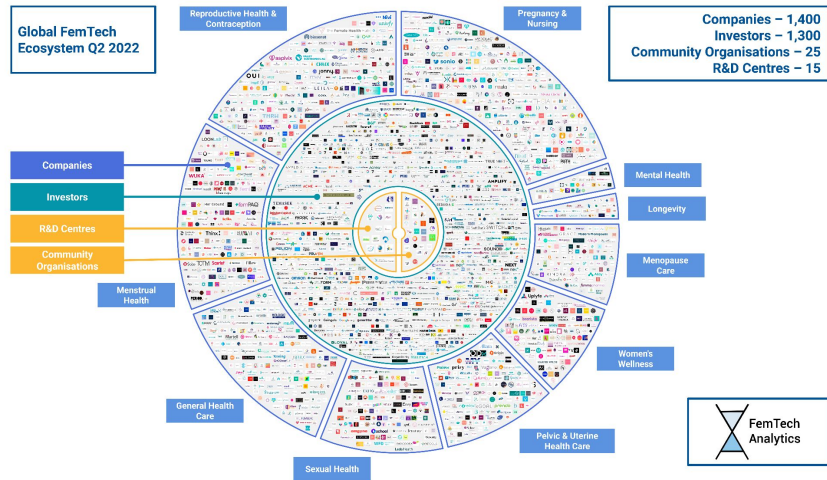

Building a comprehensive **Big Data Analytical Dashboards** (SaaS) as a one-stop-platform for all market and business intelligence operations our customers may need, including profiling thousands of companies, market signals and trends based on tens of millions of constantly updated data points.

Producing Scientific Content

FTA provides a **full-cycle development of articles, scientific journals, and books**. We are ready to develop a detailed Requirement Specifications document, including layout of the journal, fully designed brand book, with example templates for each chapter.

FemTech Big Data Regions-focused Market Intelligence

The white-label solution exclusively designed for FemTech market participants aims to serve as a first-of-its-kind resource for knowledge-based, validated partnering insights covering the major FemTech industry domains. It includes a sophisticated cloud-based engine for advanced market and business intelligence, infrastructure for expert data curation, knowledge graphs and competitor analysis across various geographical domains.
