# InvestTech Platform

## First Public Demonstration at Rise by Barclays

*A one-stop-shop for successfully securing private capital through an all-encompassing solution.*

# Partners

On November 25th, 2022, the InvestTech Platform, in partnership with leading global financial technology companies FinTechConnector and Fintech4Funds, hosted a groundbreaking event to showcase the platform to a distinguished audience of investment professionals and startup founders at Rise by Barclays in London.

# Partnerships Focus

## Capabilities and Benefits

The launch event was an impressive display of the InvestTech Platform's capabilities and highlighted the numerous benefits of partnering with this innovative platform.

## Emerging Investment Opportunities

With a strong focus on collaboration and innovation, the InvestTech Platform is ideally positioned to help its partners stay ahead of the curve and capitalize on emerging investment opportunities. The InvestTech Platform is poised to play a pivotal role in shaping the future of financial technology ecosystem.

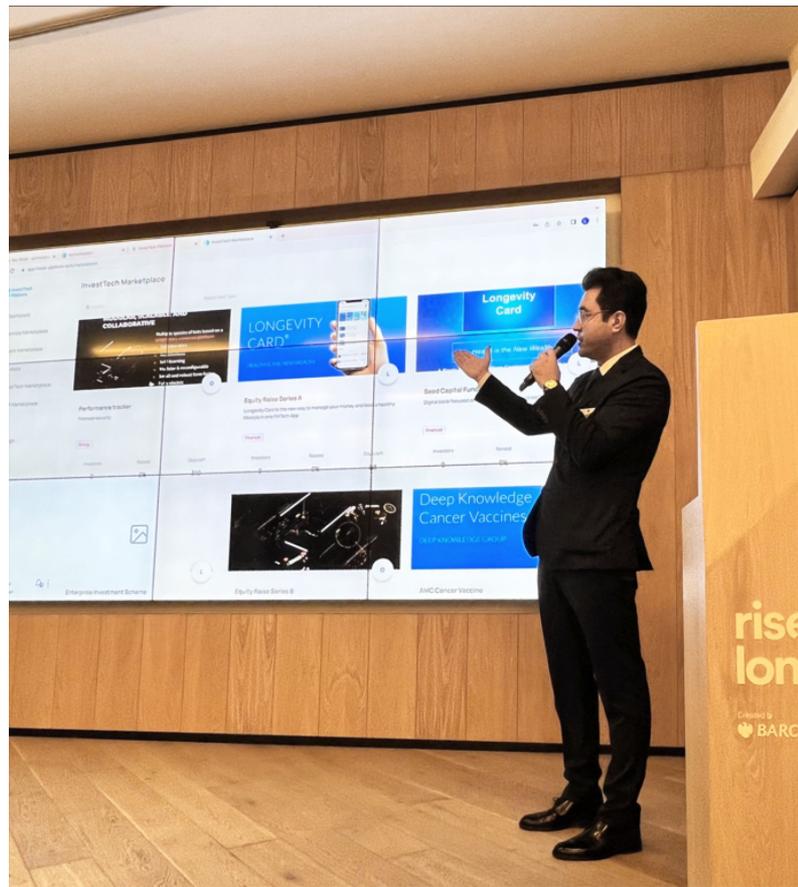

## Networking Opportunities

The event was a resounding success, attracting investment professionals from across the UK and Europe. Attendees were showcased the cutting-edge technology and innovative solutions, as well as valuable networking opportunities.

# The Conference Agenda

The launch event featured an impressive lineup of industry experts, including Deep Knowledge Group's Head of Investor Relations, Talgat Takiyev, who delivered a comprehensive overview of the platform, followed by a first-ever live demonstration. Head of Strategic Partnerships, Dominic Jennings, spoke about Advanced InvestTech Solutions, DeepTech Ecosystem and Big Data Analytical Dashboards.

# Partnership Benefits

1

## Access to a larger client base

By partnering with an InvestTech platform, partners can tap into the platform's existing client base, which can help them expand their own network of clients

3

## Increased visibility

The InvestTech Platform can help partners increase their visibility and exposure in the market, attracting more clients.

5

## Collaborative opportunities

InvestTech platform offers opportunities for networking with other partners. This can help partners expand their professional network and explore potential business opportunities.

7

## Access to industry experts

Partners can benefit from experts' insights, and make more informed investment decisions

2

## Technology and innovation

InvestTech Platform is at the forefront of technology and innovation in the investment industry. Partners can leverage the latest tools to enhance their offerings.

4

## Referral opportunities

Referral opportunities may help partners expand their network of clients and increase their revenues.

6

## Latest trends

InvestTech platform helps partners to stay ahead of the emerging advances in investment technologies and private equity markets..

8

## Sources of Capital

Partners can unlock new sources of capital and expand investment network, accessing a wider range of investment opportunities

# Become a Partner

---

Dear Partners,

Deep Knowledge Group is committed to driving innovation in cutting-edge sectors, including Longevity, DeepTech, SpaceTech, FemTech, and beyond. Leveraging our extensive expertise across a range of industries, we support pioneering ventures that are at the forefront of emerging domains. We are dedicated to helping interested stakeholders navigate these complexities and achieve their goals. We would like to extend an invitation for you to become community partners of the InvestTech Platform.

As a Community Partner, you will have opportunities to expand your network and take advantages of cross-marketing benefits. This partnership will help you access a wider range of potential investors and provide your portfolio companies with growth opportunities.

We believe the InvestTech Platform will provide a unique value proposition for your organisation and we would like to explore this opportunity further with you. Contact us if you are interested in learning more about the partnership.
