## Medical Clinics Industry Outlook

### Drivers of Growth

#### Population ageing

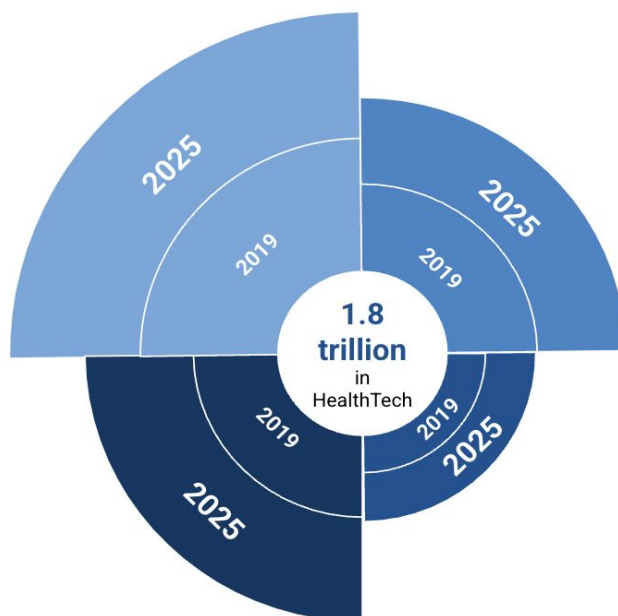

Medical services are in high demand as the world's population ages.

#### New machines and drugs

New remedies are being developed to meet previously unmet health requirements, stimulating additional technological advancements and pharmacological development.

#### Patient centricity

A shift to customised health care is underway, and platforms that deliver it to patients (literally) at their doorstep are in high demand.

Pharmaceuticals

\$ 871 → 1200

Medical devices

\$ 475 → 595

CROs\*

\$ 37 → 55

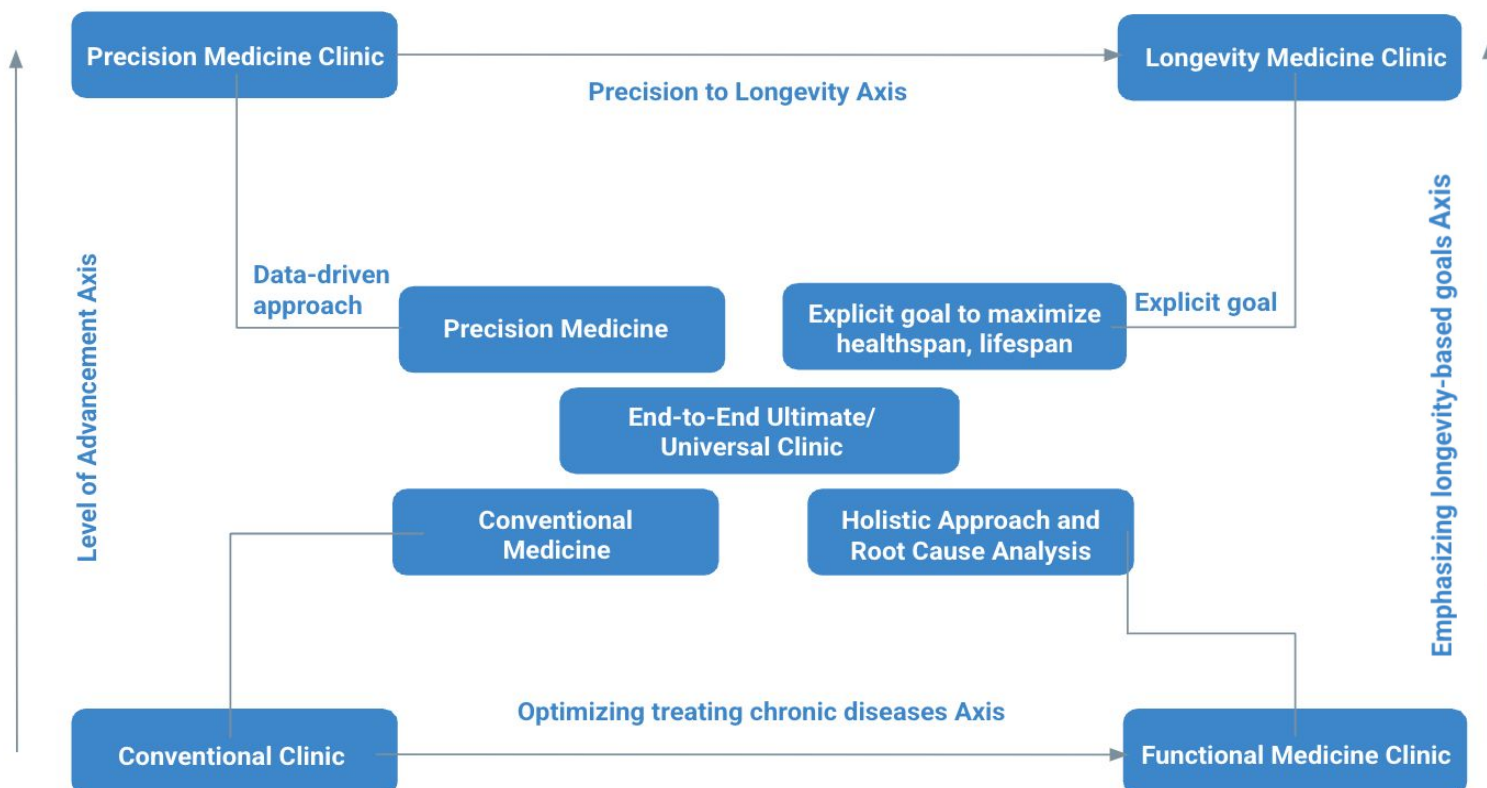

Biotechnology

\$ 453 → 656

\*Note: CRO is a company that provides support to the pharmaceutical, biotechnology, and medical device industries in the form of research services outsourced on a contract basis.

## Medical Clinics Clinics Types Framework
