

Visualize Industry Universes Like Never Before (SaaS and White Label Solution)

Contacts:

Type: Email

Status: In progress

Dear {Name},

[Deep Knowledge Group](#) (DKG) is launching its extremely sophisticated **3D Interactive Industry Universe Constructor** as a SaaS and white label solution. The system constitutes the most advanced, interactive, visually compelling and user-friendly (no-code plug and play) technology for **dynamically visualising entire industry universes** on a single zoomable, rotatable and filterable display, and enables clients to **create and release under their own branding** 3D Interactive Industry Universe Maps encompassing companies, projects, investors, funding rounds, activities or other data points.

Built on top of highly advanced data visualisation assets developed for DKG's internal use, this unique IP was designed to significantly surpass current state-of-the-art in industry ecosystem visualisation. Highlights include:

- **Multidimensional 3D Space:** a rotatable 3D space with panning and zoom functionality visualizing connections and hierarchies between different entities, displayed as nodes with distinct colors based on entity type (companies, investors, funding rounds).
- **Slider Filter:** allows users to filter visible entities based on specified criteria such as capitalization, investment size, or date ranges.
- **Detailed Entity Profiles:** click on nodes (companies, investors, funding rounds) to open detailed pop-out text profiles and other data
