Type: Email

Status: In progress

Dear {Name},

[Deep Knowledge Group](#) (DKG) is offering its advanced [Industry Ecosystem Mapping Technology](#) to select partners as a SaaS (for direct payment or equity-for-code swap). Originally developed for DKG's own internal use, and constituting the most advanced, interactive, visually compelling and versatile technology for dynamically visualising entire industry ecosystems on a single display, this IP is now for the **first time being licensed to select counterparties as a SaaS to create interactive ecosystem maps under their own branding**.

Developed by an international consortium with a 10-year track record of excellence and international renown in analysing, benchmarking and forecasting operationally complex tech industries, **Ecosystem Maps Constructor system highlights include:**

- Whole-Ecosystem Interactive Display: Interactively visualize the logos of all entities active in a given industry or domain-specific ecosystem on a single display
- Pop-out entity profiles: Click on nodes or logos to open detailed profiles of ecosystem participants
- Dynamic Search and Filter: Search entity names and profile keywords; custom filters to selectively display all ecosystem entities matching certain criteria
- Networks Visualization: display connection lines between entities to represent investments, partnerships, collaborations or other cross-entity relationships and interactions
