

Deep Knowledge Group (DKG) Terms for Regional Partner and Representatives

Deep Knowledge Group is a consortium of commercial and non-profit organisations active on multiple fronts in the realm of DeepTech and Frontier Technologies (AI, Longevity, FinTech, GovTech, InvestTech), ranging from scientific research to investment, entrepreneurship, analytics, media, philanthropy and more. The Group's unique approach lies in combining ecosystemic financial innovations with sophisticated AI and Data Science technology development for advanced tech industry analysis, benchmarking and forecasting.

DKG is the owner of an extensive suite of advanced, no-code, plug-and-play SaaS products explicitly designed to offer the most robust and sophisticated technology for advanced tech industry ecosystem-focused data visualisation.

Developed for internal use by an international consortium with a 10-year track record of excellence and international renown in analysing, benchmarking and forecasting operationally complex tech industries, DKG is for the first time making these products available as SaaS products for other parties to use under their own branding.

We are seeking distribution partners capable of selling our entirely unique suite of products on a commission basis (22% of the contract price) to interested parties seeking to integrate these advanced industry ecosystem mapping and visualisation technologies into their own product and service offerings.

Regional Partners and Representatives Commission Structure:

As a pioneer in advanced, no-code, plug-and-play SaaS products tailored for innovation ecosystem and tech industry mapping, analytics and advanced visualization, DKG invites potential regional partners and representatives to represent its suite of products in the market. The products, developed through a decade-long collaboration within an international consortium, excel in analyzing, benchmarking, and forecasting complex tech industries.

To facilitate the success of regional partners and representatives, DKG offers the following terms:

Commission Structure:

- 22% commission of the contract price for each subscription sold.
- Applicable for up to 12 consecutive months for renewed subscriptions.

Dashboard Version Commission:

- 22% commission of the contract price for commissioned Big Data Analytical System and Dashboards (white label solution).

High-Value Contract Commission:

- 32% commission of the contract price for contracts exceeding 100,000 USD.

Renewal Commissions:

- Original commission structure (22% of the contract price) for up to 12 consecutive months for renewed subscriptions.

Our commitment to providing unique and technologically unparalleled SaaS products, coupled with an attractive commission structure, aims to create a mutually beneficial relationship. DKG looks forward to collaborative success in the dynamic tech industry and invites further inquiries or discussions to proceed with the partnership agreement.
