Global GMC Industry Outlook

Drivers of Growth

Population ageing

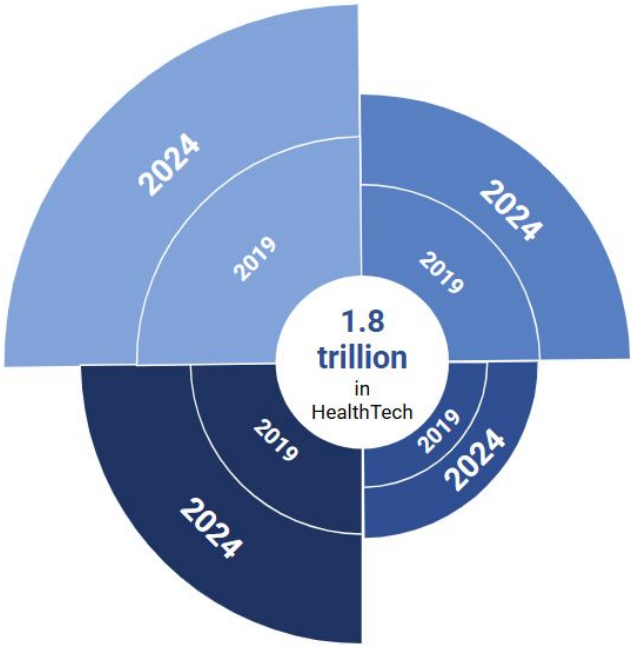

Medical services are in high demand as the world's population ages.

New machines and drugs

New remedies are being developed to meet previously unmet health requirements, stimulating additional technological advancements and pharmacological development.

Patient centricity

A shift to customised health care is underway, and platforms that deliver it to patients (literally) at their doorstep are in high demand.

Pharmaceuticals

$ 871 → 1200

Medical devices

$ 475 → 595

CROs*

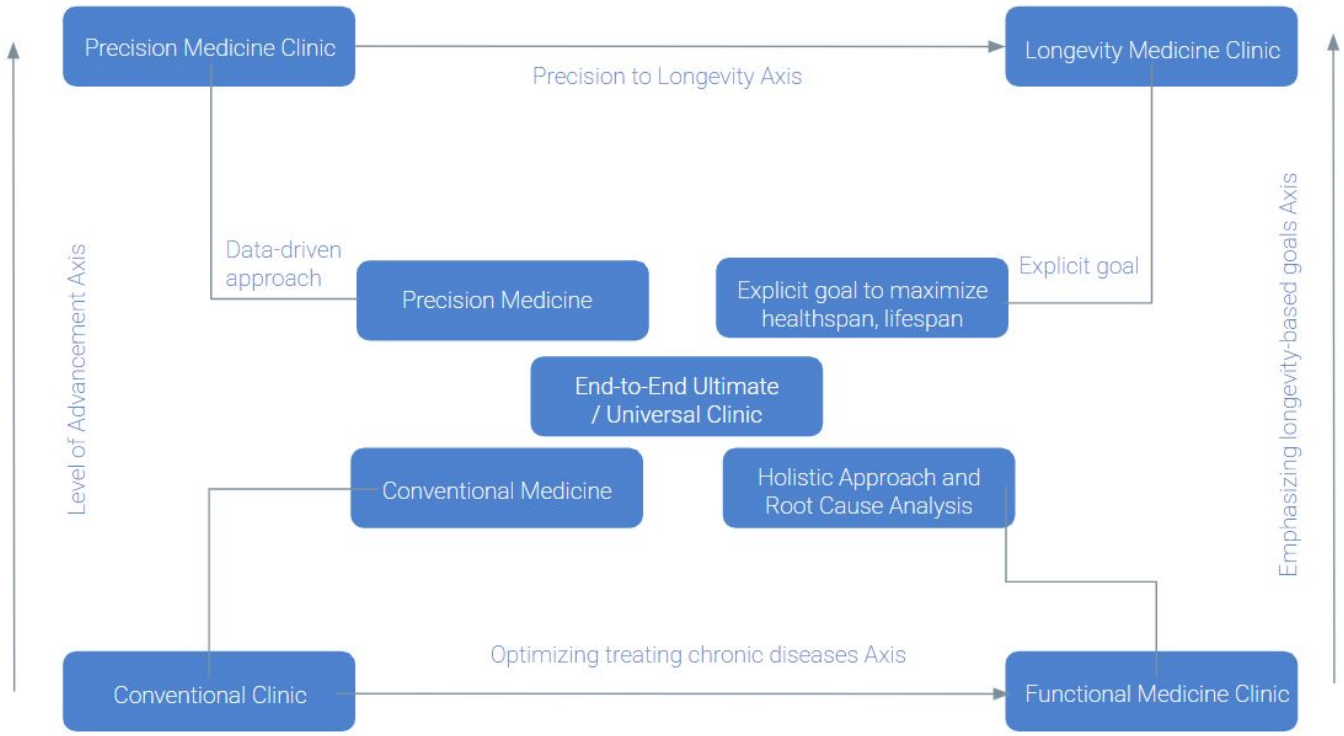

$ 37 → 55

Biotechnology

$ 453 → 656

*Note: CRO is a company that provides support to the pharmaceutical, biotechnology, and medical device industries in the form of research services outsourced on a contract basis.
